Open Comments/suggestions	- Facilities are very good - We enjoy the learning atmosphere and the goodness of the campus. - More exposure to career guidance required				

Impressions & Findings:

The Student Satisfaction Survey for the Academic Year 2020-21 was conducted following the questionnaire pattern suggested by the NAAC. The objective of the SSS was to understand the level of satisfaction in the students on their learning experiences at the College. From the Student Satisfaction Survey we were able to know the responses from the students on the overall performance of the Institution with a special focus on teaching-learning and evaluation.

- The responses show that the overall system/process is good
- The survey shows the scope and extent of the effectiveness of the teaching-learning process and has helped us to understand the requirements of the students
- We are able to locate the aspects where some improvements are required
- Much focus towards career guidance, promoting internship, student exchange, field visits are required
