Post Graduate Department of Studies and Research in Commerce
Mangalagangothri, Konaje-574199, Karnataka, India

Credits Pattern, Scheme of Examination and Syllabus for
Two years Master of Commerce (M.Com) Post Graduate Programme
(4 Semesters)
Choice Based Credit System (CBCS)
2026-2027

Credits Pattern, Scheme of Examination and Syllabus for Two Years Master of Commerce(M.Com) Post Graduate Degree Programme(CBCS Semester Scheme)

Programme Objectives (PO's)

- 1:** To provide students with a deep and thorough understanding of diverse areas within commerce, including accounting, finance, human resource and taxation.
- 2:** To cultivate the necessary skills and competencies for successful careers in commerce, trade, industry and entrepreneurship through both academic and research activities.
- 3 :** to nurture professional skills, foster lifelong learning, instill strong values, encourage teamwork and leadership and prepare students to face challenges in both industry and academia.
- 4 :** To promote a research-driven culture among students, encouraging them to undertake projects that have a positive societal impact and align with their future careers.
- 5 :** To instill a strong sense of ethics and social responsibility, ensuring that students make valuable and positive contributions to society in both their personal and professional lives.
- 6 :** To prepare students to adapt to technological advancements and global commerce trends, equipping them with the ability to respond to the dynamic nature of the business environment.

Programme Outcomes (PO's)

- PO1:** Students will acquire advanced techniques for managing business operations with a focus on accounting, finance, human resource, taxation, and the Banking, Financial Services, and Insurance (BFSI) sector.
- PO2:** Students will be able to assess changes in the business environment, respond to these changes with innovative solutions, and maintain integrity in their approaches.
- PO3 :** Students will develop entrepreneurial skills, teaching aptitude, interpersonal skills, and research capabilities through ethical practices and ongoing professional development.
- PO4 :** Students will demonstrate self-confidence, an understanding of societal issues, and effective communication skills. They will engage with the accounting, commerce, management and business communities through various digital and non-digital mediums, including effective reports, presentations and clear instructions.
- PO5 :** Students will identify contemporary social issues, explore opportunities for social entrepreneurship, design ethical business solutions, and uphold high ethical standards in organizational decision-making. They will demonstrate awareness of ethical issues and distinguish between ethical and unethical behaviours.
- PO6 :** Students will integrate emerging technologies and global commerce trends in to the problem-solving and decision-making processes, adapting to technological advancements and international business practices effectively.
